

DO YOU SUFFER FROM HAYFEVER?

We are looking for volunteers to take part in a clinical study that will investigate a new treatment for hayfever.

You may be eligible to take part in this study if you:

- Are aged 15 to 60 years
- Suffer from hayfever
- Are otherwise healthy

The study will be performed over the course of 7 weeks and will require 4 short visits, plus a follow-up phone call or visit to the Woolcock Institute of Medical Research at Royal Prince Alfred Hospital, Sydney

If you are interested, or for more information, please call the Woolcock Institute of Medical Research or click [here](#) to download the questionnaire for the hayfever trial. Please email the completed questionnaire to katecampbell@woolcock.org.au. (When given the option to open or save the file please select save and save to your desktop or chosen directory).
