

Publications 2004

CONFERENCE PRESENTATIONS

Abstracts

Allen RP, Grunstein R, Tidswell P, Trekwalder C, Walters AS. Alleviation of motor symptoms and consequent sleep benefits with Ropinirole in RLS. *Sleep* 2004;27(Suppl):A295.

Ampon RD, Miharshahi S, Peat JK, Marks GB. Time to first diagnosis of asthma among the CAPS cohort. *Respirology* 2004;9(Suppl 2):A24.

Ampon RD, Williamson M, Poulos LM, Marks GB. The impact of asthma on quality of life. *Respirology* 2004;9(Suppl 2):A24.

Banerjee D, Yee B, Grunstein R. Polysomnographic gender differences in obese patients with OSA - the impact of age and severe obesity. *Internal Medicine Journal* 2004;34(Suppl):A34.

Banerjee D, Yee B, Grunstein R. Airline acceptability of CPAP machines on long distance flights to and from Sydney. *Internal Medicine Journal* 2004;34(Suppl):A34.

Banks S, Catcheside P, Lack LC, Grunstein RR, McEvoy D. Does the maintenance of wakefulness test (MWT) relate to driving simulator performance. *Sleep* 2004;27(Suppl):A406.

Banks S, Catcheside P, Lack LC, Grunstein RR, McEvoy RD. The effect of personality on tests for sleepiness. *Journal of Sleep Research* 2004;13(Suppl 1):1.

Banks S, Catcheside PG, Lack LC, Joffe D, Grunstein R, McEvoy RD. Perception of drowsiness while driving following sleep restriction and legal alcohol consumption. *Internal Medicine Journal* 2004;34(Suppl):A18.

Bartlett DJ, Paisley L, Brock A, Dodd MJ, Grunstein RR. Outcomes of group insomnia programme in Australia. *Journal of Sleep Research* 2004;13(Suppl 1):1.

Bartlett DJ, Werner J, Williams A, Grunstein R. Sleep patterns and insomnia prevalence rates in NSW. *Internal Medicine Journal* 2004;34(Suppl):A23.

Bartlett DJ, Werner J, Williams A, Grunstein R, Grunstein RR. Driver safety knowledge in Australian drivers. *Internal Medicine Journal* 2004;34(Suppl):A38.

Bartlett DJ, Werner JB, Leung S, Starmer G, Williams A, Grunstein R. Mild OSA alcohol and performance: a pilot study. *Internal Medicine Journal* 2004;34(Suppl):A23.

Becker P, Ondo W, de Weerd A, Dreykluft T, Bogan R, Ferini-Strambi L, et al. An early onset of action in RLS: results from ropinirole clinical trials program. *Sleep* 2004;27(Suppl):A294.

Belousova E, Toelle B, Ng K, Marks G. Alternative definitions of current asthma: Belmont cohort. *Respirology* 2004;9(Suppl 2):A5.

Bittoun R. Cue conditioning and smoking outside the home: A valuable 'tip' to help smokers quit. *Respirology* 2004;9(Suppl 2):A10.

Borger P, Black JL, Johnson PA, Burgess JK, Tamm M, Roth M. Differential CAAT/Enhancer Binding Protein (C/EBP) isoform expression in human bronchial smooth muscle (BSM) cells of asthma and COPD patients. *American Journal of Respiratory & Critical Care Medicine* 2004;169(7):A871.

- Borger P, Black JL, Johnson PR, Burgess JK, Tamm M, Roth M. Differential CCAAT/enhancer binding protein (C/EBP) isoforms expression in human bronchial smooth muscle cells of asthmatic and COPD patients. *European Respiratory Journal* 2004;24(48 Suppl).
- Brown NJ, Josefsson A, Salome CM, Thorpe CW, Berend N, King GG. Measuring airway distensibility by the forced oscillation technique. *Respirology* 2004;9(Suppl 2):A32.
- Brown NJ, Josefsson A, Salome CM, Thorpe CW, Berend N, King GG. Measuring airway distensibility by the forced oscillation technique. *American Journal of Respiratory & Critical Care Medicine* 2004;169(7):A246.
- Brown NJ, Salome CM, Thorpe CW, Unger G, King GG. Tidal fluctuations in airway caliber are dependent on breathing rate in health adults. *American Journal of Respiratory & Critical Care Medicine* 2004;169(7):A246.
- Burgess JK, Ge Q, Boustany S, Black JL, Johnson PRA. Increased sensitivity of asthmatic airway smooth muscle cells to prostaglandin E₂ may be mediated by increase numbers of EP receptors. *American Journal of Respiratory & Critical Care Medicine* 2004;169(7):A195.
- Burgess JK, Qi GE, Boustany S, Black JL, Johnson PRA. Increased sensitivity of asthmatic airway smooth muscle cells to prostaglandin E₂ may be mediated by increased numbers to EP receptors. *Respirology* 2004;9(Suppl 2):A11.
- Chandra A, Jones A, Magnussen H, Yee B, Grunstein R, King G. Development of segmentation methods for pulmonary structure measurement in MR and HRCT data. *Respirology* 2004;9(Suppl 2):A65.
- Correll PK, Williamson M, Marks GB. Asthma severity and the impact on quality of life. *Respirology* 2004;9(Suppl 2):A24.
- Crisafulli D, Mhrshahi S, Peat J, Tovey E, Marks G. Effectiveness of an intervention to reduce house dust mite allergen in children's beds over three years. *Respirology* 2004;9(Suppl 2):A5.
- Dame-Carroll J, Chandra A, Jones A, Magnussen H, King G. Airway lumen dimensions measured by micro-computed tomography (CT) and whole body CT. *Respirology* 2004;9(Suppl 2):A3.
- de Meer G, Ng K, Toelle BG, Marks GB. Relation between change in asthma prevalence and use of preventer medications. *Respirology* 2004;9(Suppl 2):A30.
- Diba C, King G, Downie S, Brown N, N. B, Salome C. Respiratory conductance (G_{rs}) better predicts improved exercise after bronchodilator in COPD than spirometry. *Respirology* 2004;9(Suppl 2):A6.
- Downie S, Verbanck S, Unger G, King G, Salome C, Berend N. Detection of small and large airway heterogeneity in asthma by the multiple breath nitrogen washout test. *Respirology* 2004;9(Suppl 2):A31.
- Figgis P, Reid A, Jankelson D, Grunstein R, Keogh A. Sleep disordered breathing and cardiac failure, a four year follow-up. *Respirology* 2004;9(Suppl 2):A73.
- Gencay MC, Rudiger JJ, Yang JQ, Tamm M, Roth M. Evaluation of a new easy-to-use method for large scale determination of glucocorticoid receptor activity. *European Respiratory Journal* 2004;24(48 Suppl).
- Grant L, Banerjee D, Yee B, Grunstein R. Attitudes to weight loss strategies in adults with OSA. *Internal Medicine Journal* 2004;34(Suppl):A29.

Green BJ, Yli-Panula E, Sercombe JK, Tovey ER. Diagnosis of fungal allergy: Comparison of detection of allergens from germinating fungi (Halogen method) with Pharmacia UniCap assay and skin prick tests. *Journal of Allergy and Clinical Immunology* 2004;113(2, Supplement 1):S288-S289.

Grunstein R, Wong K, Bartlett D, Gordon E. Brain function in sleep apnea - Results from an international brain database. *Journal of Sleep Research* 2004;13(Suppl 1):1.

Grunstein R, Wong K, Bartlett D, Gordon E. Brain Function in Sleep Apnea - Results From an International Brain Database. *Journal of Sleep Research* 2004;13(Suppl 1):288.

Grunstein RR, Wilsmore BR, Dodd MJ, McEvoy RD, Wheatley JR. Sleep investigation in Australia 1989-2002 - Data from National Health Insurance statistics. *Internal Medicine Journal* 2004;34(Suppl):A24.

Harris B, Bailey D, Magnussen J, Dennis C, Roach P, King G. Potential objective analysis of single photon emission computed tomography (SPECT) ventilation/perfusion (V/Q) images for suspected pulmonary embolism. *Respirology* 2004;9(Suppl 2):A13.

Havryk AP, Johnson PRA, Burgess J, Berend N, Glanville A, R., Roth M, et al. Differential effects of extracellular matrices on the proliferation of fibroblasts. *Respirology* 2004;9(Suppl 2):A36.

Havryk AP, Johnson PRA, Burgess JK, Berend N, Glanville AR, Roth M, et al. Differential effects of extracellular matrices on the proliferation of fibroblasts. *American Journal of Respiratory & Critical Care Medicine* 2004;169(7):A741.

Howard P, Desai A, Grunstein R, Hukens C, Armstrong D, Joffe D, et al. Sleepiness and sedating medications are accident risk factors in transport drivers. *Internal Medicine Journal* 2004;34(Suppl):A21.

Jenkins C, Abramson M, Marks G, Mellis C, Ruffin R, Willson D, et al. Symptoms of current doctor diagnosed asthma in Australia. *European Respiratory Journal* 2004;24(48 Suppl).

Johnson PRA, Burgess JK, Qe Q, Poniris MH, Boustany S, Black JL. Interactions of connective tissue growth factor and vascular endothelial growth factor in human airway smooth muscle. *European Respiratory Journal* 2004;24(48 Suppl).

Johnson PRA, Ge Q, Poniris MH, Boustany S, Black JL, Burgess JK. Interactions of connective tissue growth factor and vascular endothelial growth factor in human airway smooth muscle. *American Journal of Respiratory & Critical Care Medicine* 2004;169(7):A196.

King GG, Downie S, Verbanck S, Thorpe CW, Berend N, Salome CM. Relationship between respiratory resistance and gas trapping in asthma before and after deep inspiration (DI). *American Journal of Respiratory & Critical Care Medicine* 2004;169(7):A249.

King GG, Munoz PA, Thorpe CW, Berend N, Salome CM. Mechanism of increased rate of airway re-narrowing following multiple deep inspirations. *American Journal of Respiratory & Critical Care Medicine* 2004;169(7):A246.

Mahadev SI, Yee B, Bhonagiri D, Yunus A, Loughnan G, Steinbeck K, et al. Prader Willi Syndrome: The Royal Prince Alfred Sleep Experience. *Respirology* 2004;9(Suppl 2):A 73.

Marks G, Crisafulli D, Davis S, Criss S, Mahrshahi S, Peat J, et al. T cell cytokine responses to house dust mite (HDM) stimulation in vitro: Relation to HDM avoidance and to HDM sensitisation at age 3 years. *Respirology* 2004;9(Suppl 2):A21.

Marriott C, O'Meara TJ, Salome C, Tovey ER. The impact of bedding encasing on nocturnal Der p1 exposure and asthma. *Journal of Allergy and Clinical Immunology* 2004;113(2, Supplement 1):S231.

Mattsson M, Blidberg K, Bogdanovic J, O'Meara T, Rentrom A. Nasal air sampling used to measure inhaled wheat allergen in a bakery with and without using facemasks. *Tijdschrift voor toegepaste Arbowedenschap* 2004;2(Suppl):6.

McClellan MA, Berend N. Effect of low lung volume on airway hyperresponsiveness in sheep. *Respirology* 2004;9(Suppl 2):A32.

McClellan MA, Black JL, Berend N. Effect of low lung volume on airway hyperresponsiveness in sheep. *American Journal of Respiratory & Critical Care Medicine* 2004;169(7):A248.

McLean MA, Johnson PRA, Rynell AC, Ammit A, Berend N. Normalisation of airway smooth muscle contractile properties following reversal of lung restriction. *European Respiratory Journal* 2004;24(48 Suppl).

Menadue C, Willson GN, Piper AJ, Chaseling WG, Milross MA, Collins ER, et al. Sleep and breathing during long-term non-invasive ventilation. *Internal Medicine Journal* 2004;34(Suppl):A32.

Mihrshahi S, Marks GB, Kemp AS, Ampon MR, Peat JK. Risk factors for wheeze at 3 years of age. *Respirology* 2004;9(Suppl 2):A20.

Mihrshahi S, Peat JK, Marks GB, Kemp AS, Mellis CM, Tovey ER, et al. Primary prevention of allergic symptoms at age three in the childhood asthma prevention study (CAPS). *American Journal of Respiratory & Critical Care Medicine* 2004;169(7):A722.

Minei J, Werner JB, Bartlett DJ, Williams A, Grunstein R. Non-responders in a community sleep health survey in NSW. *Internal Medicine Journal* 2004;34(Suppl):A24.

Munoz P, King G, Mihrshahi S, Ng K, Marks G. Effect of preventative interventions on respiratory system resistance in the childhood asthma prevention study. *Respirology* 2004;9(Suppl 2):A30.

Nguyen LN, Jelfs P, Marks GB, Gilbert L. Molecular typing of mycobacterium tuberculosis and the presence of Beijing genotype strains in New South Wales. *Respirology* 2004;9(Suppl 2):A74.

Nguyen LN, Simpson SE, Marks GB. Preliminary results of an evaluation of a tuberculosis undertaking program for control of TB in migrants in Australia. *International Journal of Tuberculosis and Lung Disease* 2004;8(11 Suppl 1):S87.

O'Donnell AR, Rabe KF, Jenkins C, Muir JF, Witte S, Bredenbroeker D. FEV₆ : a useful outcome measure of lung function in COPD as assessed in a large clinical study with Roflumilast. *European Respiratory Journal* 2004;24(48 Suppl).

O'Donnell D, Muir JF, Jenkins C, Plit P, Brockhaus F, Witte S, et al. Roflumilast, a novel selective phosphodiesterase 4 inhibitor, improves quality of life and lowers exacerbation rate in patients with moderate to severe COPD. *American Journal of Respiratory & Critical Care Medicine* 2004;169(7):A602.

O'Meara TJ, Green BJ, Sercombe JK, Tovey ER. Interpretation of pollen exposure data. *Journal of Allergy and Clinical Immunology* 2004;113(2, Supplement 1):S62-S63.

O'Meara TJ, Marriott K, Tovey ER. Personal allergen sampling and measurement in an allergen avoidance trial. XXIII EAACI Congress 2004.

O'Meara TJ, Sercombe J, Tovey ER. Technical and clinical performance of an intranasal filter for reducing rhinitis symptoms and patient attitudes to its use. XXIII EAACI Congress 2004.

Phillips C, Williams A, Roth M, Yang Q, Yee B, Hedner J, et al. Effects of short-term CPAP withdrawal in obstructive sleep apnoea on vascular inflammatory and angiogenic markers. *Journal of Sleep Research* 2004;13(Suppl 1):1.

Phillips C, Yang Q, Hedner J, Berend N, Grunstein R. Effects of short-term CPAP withdrawal on evening-to-morning changes in arterial stiffness. *Internal Medicine Journal* 2004;34(Suppl):A39.

Piper A, Menadue C, Wilson G, Milross M, Grunstein R. The value of polysomnography (PSG) in the routine review of patients on long-term nocturnal ventilatory support (NIV). *Internal Medicine Journal* 2004;34(Suppl):A31.

Poulos L, Xuan W, Ampon RD, Williamson M, Marks GB. Access to spirometry in less accessible and remote areas of Australia. *Respirology* 2004;9(Suppl 2):A64.

Rabe KF, O'donnell D, Muir JF, Jenkins C, Witte S, Bredenbroeker D, et al. Roflumilast, an oral, once-daily PDE4 inhibitor, improves lung function and reduces exacerbation rates in patients with COPD. *European Respiratory Journal* 2004;24(48 Suppl).

Reddel H, Salome CM, Desai M, Thien FK, Jenkins CR. Change in perception of airway obstruction is associated with change in FEV₁ and airway hyper-responsiveness. *Respirology* 2004;9(Suppl 2):A28.

Reddel HK, Vincent SD, Civitico J. Asthma exacerbations and the format of peak flow charts. *Respirology* 2004;9(Suppl 2):A20.

Reddel HK, Vincent SD, Civitico J. Effect of the scale of peak flow charts on the visual identification of asthma exacerbations. *American Journal of Respiratory & Critical Care Medicine* 2004;169(7):A327.

Renstrom A, Blidberg K, Mattsson M, Sandler I, Tovey E, O'Meara T, et al. Development of enhanced sensitivity EIAs and the use of nasal samplers for the assessment of exposure to bakery and rodent allergens. *Tijdschrift voor toegepaste Arbowedenschap* 2004;2(Suppl):47.

Rogers NL. Neurobehavioural and physiological effects of modafinil during escalating sleep deprivation. *Clinical and Experimental Pharmacology and Physiology* 2004;31(Suppl):A72.

Rogers NL, Coble M, Maislin G, Gordon E, Grunstein RR, Dinges DF. Gender differences in response to sleep loss. *Journal of Sleep Research* 2004;13(Suppl 1):1.

Roth M, Johnson PRA, Burgess JK, Tamm M, Black JL. Beta2-agonists but not glucocorticoids inhibit proliferation of asthmatic airway smooth muscle cells. *European Respiratory Journal* 2004;24(48 Suppl).

Salome C, Ng K, Toelle B, Belousova E, Marks G. Exhaled nitric oxide as a predictor of asthma - a 5 years follow up. *Respirology* 2004;9(Suppl 2):A30.

Salome CM, Munoz P, Thorpe W, Berend N, King G. Increased rate of airway re-narrowing following deep inspirations. *Respirology* 2004;9(Suppl 2):A33.

Santos e Fonseca CMC, Lean M, Owens N, Bardin P, Robson R, Handel M, et al. Identification of a nasal late phase reaction after allergen challenge. *Respirology* 2004;9(Suppl 2):A31.

Seeto C, Roth M, Seale JP, Armour C. Budesonide and formoterol activate the expression of GR and C/EBP α T lymphocytes. *Respirology* 2004;9(Suppl 2):A25.

Sercombe JK, Green BJ, Tovey ER. Recovery and identification of fungal spores from the nasal cavity. *Journal of Allergy and Clinical Immunology* 2004;113(2, Supplement 1):S231.

Soni R, Dentice R, Marks G, Young IH, Bye PT. Acute effects of chest physiotherapy on gas exchange and wellbeing in server cystic fibrosis. *Respirology* 2004;9(Suppl 2):A51.
