

During 2005 Woolcock staff presented research findings at the following major international and national conferences.

American Academy of Allergy, Asthma and Immunology, 61<sup>th</sup> Annual Meeting, San Antonio, Texas, USA, March 18-22 2005. Published in the 'Journal of Allergy and Clinical Immunology'

Thoracic Society of Australia and New Zealand, Annual Scientific Meeting, Perth, March 18-23 2005. Published in 'Respirology'

The Society for Research in Nicotine and Tobacco, Prague, March, 2005

American Thoracic Society, International Conference, San Diego, California, USA, May 20-25 2005. Published in 'Proceedings of the American Thoracic Society'

Associated Professional Sleep Societies, 19<sup>th</sup> Annual Meeting, Denver, Colorado, USA. June 18-23, 2005. Published in 'Sleep'

Neuroscience-From Bench to Bedside, University of Sydney, Sydney, Australia, July, 2005

6<sup>th</sup> Australian and New Zealand Cystic Fibrosis Conference, Adelaide 20-23<sup>rd</sup> August 2005

US Department of Transport, Federal Motor Carrier Safety Association, Transport Canada, Fatigue Management in Transportation Operations International Conference, Seattle, WA, U.S.A., 11-15 September 2005

European Respiratory Society, 15<sup>th</sup> ERS Annual Congress, Copenhagen, Denmark, September 17-21, 2005. Published in the 'European Respiratory Journal'

World Federation of Sleep Research & Sleep Medicine Societies, Special Interim Congress: Clinical & neurophysiological aspects of sleep, New Delhi, India, 22-26 September 2005

Working Time Society, 17<sup>th</sup> International Symposium on shiftwork & working time, Hoofddorp, The Netherlands, 18-22 September 2005

9<sup>th</sup> National Australian Physiotherapy Association, Cardiothoracic Group Conference, Melbourne October 2005

Australasian Sleep Association, 18<sup>th</sup> Annual meeting, Gold Coast, Qld, Australia, 7-9 October 2005 Published in 'Internal Medicine Journal'

19<sup>th</sup> United States Cystic Fibrosis Foundation Conference, Baltimore, 20-23<sup>rd</sup> October 2005

10th Asian Pacific Society of Respiriology Congress, 1st Joint Congress of the APSR/ACCP  
 Guangzhou, China November 11-14, 2005 Published in 'Respirology' 2006

3rd National Tobacco Control Conference, Sydney, 23-25th November 2005.

International Clinical Trials Network Meeting, United States Cystic Fibrosis Foundation, Baltimore

## 2005 ABSTRACTS

1. Bartlett DJ, Williams A, Grunstein RR, What do young Australian drivers know about sleep and safe driving - focus groups and the role of education programs. *Sleep*, 2005; 28(Suppl): A336.
2. Basheti I, Reddel HK, Armour C, Bosnic-Anticevich S. Educating community pharmacists: correct PFM and inhaler technique for two different inhaler devices. *Respirology*, 2005; 10(Suppl): A37.
3. Belousova E, Williamson M, Britt H, Correll P, Marks G. General practice encounters for acute asthma. *Respirology*, 2005; 10(Suppl): A36.
4. Borger P, Black JL, Tamm M, Roth M. Pathogenesis of asthma: translation of CAAT/Enhancer Binding Protein (C/EBP) alpha is altered in airway smooth muscle cells of asthmatic patients. *Proceedings of the American Thoracic Society*, 2005; 2(Abstract): A339.
5. Brown N, King G, Berend N, Salome C. Reduced airway distensibility in asthmatics measured by forced oscillatory conductance and lung elastic recoil. *Respirology*, 2005; 10(Suppl): A28.
6. Buchanan PR. Sleep sex behaviour: an under-reported parasomnia? *Internal Medicine Journal*, 2005; 35(Suppl): A27.
7. Burgess JK, Blake AE, Boustany S, Johnson PRA, Armour CL, Black JL et al. CD40 and OX40 ligand are increased on stimulated asthmatic airway smooth muscle. *Proceedings of the American Thoracic Society*, 2005; 2(Abstract): A337.
8. Burgess JK, Johnson PRA, Glanville AR, Black JL. In vitro characteristics of airway smooth muscle cells in lymphangioliomyomatosis. *Proceedings of the American Thoracic Society*, 2005; 2(Abstract): A506.
9. Burgess JK, Ge Q, Poniris MH, Boustany S, Twigg SM, Johnson PRA et al. Connective tissue growth factor and transforming growth factor  $\alpha$  induces extracellular matrix in asthmatic airway smooth muscle. *European Respiratory Journal*, 2005; 26(Suppl 49).

10. Chandra A, Jones A, Dame-Carroll JR, King G. A comparison of 4 segmentation methods for measuring airway dimension in high-resolution (HRCT) data: validation against micro-CT. *Respirology*, 2005; 10(Suppl): A92.
11. Dame-Carroll JR, Chandra A, Magnussen J, Jones A, Berend N, King G. A comparison of airway lumen (Ai) and volume (Vi) measurements from high-resolution CT (HRCT), micro-CT and surface morphometry of inflation fixed lungs. *Proceedings of the American Thoracic Society*, 2005; 2(Abstract): A333.
12. Desai A, Cherkas LF, Spector TD, Williams AJ. Genetic influences in self-reported symptoms of obstructive sleep apnoea and restless legs: a twin study. *Internal Medicine Journal*, 2005; 35(Suppl): A37.
13. Diba C, King G, Berend N, Salome C. Conductance as a measure of bronchodilator response in COPD. *Respirology*, 2005; 10(Suppl): A66.
14. Dobbin C, Bartlett D, Grunstein R, Bye P. Effects of cystic fibrosis on neurobehavioural function and driving task performance. *European Respiratory Journal*, 2005; 26(Suppl 49).
15. Downie S, King G, Salome C. Improvement in alveolar NO and bronchial NO flux following 3 months of treatment with beclomethasone dipropionate. *Respirology*, 2005; 10(Suppl): A1.
16. Downie S, Verbanck S, Salome C. Reduction in ventilation heterogeneity in asthmatics following 3 months of treatment with beclomethasone dipropionate. *Respirology*, 2005; 10(Suppl).
17. Downie S, Verbanck S, Salome C, King G. Reduction in ventilation heterogeneity in asthmatics following 3 months of treatment with beclomethasone dipropionate. *Proceedings of the American Thoracic Society*, 2005; 2: A581.
18. Elkins M, Eberl S, Constable C, White J, Robinson M, Daviskas E, Alison J, Bye P. The effect of manual chest physiotherapy, positive expiratory pressure (PEP), and oscillating PEP on mucociliary clearance in subjects with Cystic Fibrosis. *Pediatric Pulmonology*, 2005; S28, 321, A377
19. Elkins M, Robinson M, Moriarty C, Sercombe J, Rose B, Harbour C, for the NHSCF Study Group. Three methods of monitoring adherence in the National Hypertonic Saline Trial in Cystic Fibrosis. *Pediatric Pulmonology*, 2005; S28, 269, A228

20. Gattuso JR, Hales BJ, Thomas WR, Bi XZ, Chew FT, Tovey ER. Localization of recently discovered allergens in dermatophagoides pteronyssinus. *Journal of Allergy & Clinical Immunology*, 2005; 115(2 Suppl 1): S91.
  
21. Goulet S, Tamm M, Roth M, Bihl MB. Effects of steroids and B2-mimetics on TGFBI- and serum-induced extracellular matrix deposition in primary human lung fibroblasts. *Proceedings of the American Thoracic Society*, 2005; 2: A250.
  
22. Green BJ, Sercombe JK, Schemechel D, Tovey ER. Detection of allergenic conidia and hyphae of *Alternaria alternata* and *Aspergillus fumigatus* using a novel double immunostaining technique. *Journal of Allergy & Clinical Immunology*, 2005; 115(2 Suppl 1): S238.
  
23. Harris B, Bailey D, Roach P, King G. SPECT ventilation/perfusion (V/Q) and CTPA: co-localisation of suspected pulmonary emboli (PE) in fusion images. *Proceedings of the American Thoracic Society* 2005; 2: A280.
  
24. Hostettler KE, Roth M, Burgess JK, Johnson PR, Cross M, Black JL et al. Primary human airway epithelial cells inhibit fibroblast proliferation through secreted phospholipase A2-induced prostaglandin E2. *Proceedings of the American Thoracic Society*, 2005; 2: A61.
  
25. Hostettler KE, Borger P, Zhong J, Burgess JK, Black JL, Roth M. Transforming growth factor- $\alpha$  inhibition of lung fibroblast proliferation is mediated through prostaglandin E2 via activation of p38 mitogen-activated protein kinase. *European Respiratory Journal*, 2005; 26(Suppl 49).
  
26. Howard M, Desai A, Grunstein R, Hukins C, Armstrong J, Joffe . Vigilance, general productivity and activity subscales on the functional outcomes of sleep questionnaire are related to crash risk. *Respirology*, 2005; 10(Suppl): A94.
  
27. Howard M, Desai A, Grunstein R, Hukins C, Armstrong J, Joffe. FOSQ subscales and crash risk. *Proceedings of the American Thoracic Society*, 2005; 2: A854.
  
28. Hughes JM, Blake AE, Boustany S, Johnson PRA, Armour CL, Black JL et al. Expression of CD40 and OX40 Ligand is increased on asthmatic TNF-stimulated airway smooth muscle cells. *Respirology*, 2005; 10(Suppl): A11.
  
29. Jankelson D, Unger G, Reid A, Wong K, Hedner JA, Grunstein RR. Accuracy of a single channel nasal pressure recording device for repeated ambulatory use in suspected sleep apnea. *European Respiratory Journal*, 2005; 26(Suppl 49).

30. Johnson PRA, Burgess JK, Ge Q, Poniris M, Boustany S, Twigg S et al. Connective tissue growth factor and transforming growth factor B induces extracellular matrix in asthmatic airway smooth muscle. *Proceedings of the American Thoracic Society*, 2005; 2: A250.
31. King GG, Brown NJ, Berend N, Salome CM Reduced airway distensibility in asthmatics measured by forced oscillatory conductance and lung elastic recoil. *Proceedings of the American Thoracic Society*, 2005; 2: A564.
